

Charity Golf Day

The National Golf Club, The Cups Drive, Cape Schank

Tuesday
16 October
2018
12-8pm

Teeing off for better healthcare

The Bays extends an exclusive invitation to join us for our 16th Annual Charity Golf Day at The National Golf Club, renowned as one of the best pieces of golf real estate in Australia.

Enjoy a great day on the green that offers socialising and networking opportunities whilst supporting The Bays Healthcare Group. The event comprises of 18 holes of golf, followed by a superb gourmet buffet dinner with drinks in The National Clubhouse.

From the breathtaking natural beauty of the Mornington Peninsula to abundant challenges, The National offers a golfing experience unlike any other.

All funds raised will help us equip our new Critical Care Unit at The Bays Hospital with the latest, most advanced life-saving equipment.

Opening in January 2019, our purpose-built Unit will allow us to transform the way we treat our most critically unwell patients, and provide more intensified care for our community.

As a charitable hospital and aged care provider, operating on a completely not-for-profit basis, The Bays relies on donations to ensure our patients have access to the most sophisticated equipment and therefore the very best care.
