

Birthing suites

Our large, modern and private birthing suites are safe and relaxed environments for your baby's birth. Each suite has a private ensuite with full-sized bath and shower. For peace of mind we have medical equipment on-hand and operating theatre facilities, anaesthetists and paediatricians available.

Special care nursery

Your baby will stay with you from birth unless they require extra monitoring in our special care nursery. This nursery is for babies who are premature, unwell, or have more complex care needs. Our nursery is a new, state-of-the-art medical facility providing the very best care for our little patients.

Your stay

Your stay in hospital will normally be four nights.

During your stay, we offer you education and support with:

- feeding your baby
- parenting skills including nappy changing, bathing, swaddling, settling
- taking your baby home, and
- the community resources available

Information and support

Our pre and post-natal support is designed to help you prepare for your baby's arrival, and manage things once you take your baby home.

All our patients have access to:

- pre-natal childbirth classes
- hospital tours
- breastfeeding consultations and support
- our 24-hour support helpline.

Our midwives are available to talk to you anytime, 24 hours a day.

What to bring to hospital

For Mum

- Comfortable clothes, toiletries, personal items
- Maternity sanitary pads
- Favourite pillow
- Footwear such as slippers or thongs

For baby

- Baby skincare wipes, fragrance free
- Clothing (appropriate to the season)
- A baby capsule for the trip home (please have it correctly fitted in your car - this is a legal requirement)

What the hospital provides

- Everything you need to feed (by breast or bottle) and care for your baby during your stay, including nappies

Visiting hours

The visiting hours are:

- Monday to Friday 4pm - 7pm
- Saturday and Sunday 11am - 4pm

Outside these hours are rest times, and the maternity unit is kept as quiet as possible.

Sometimes new mums need lots of rest and are not always up for visitors. We suggest you phone before visiting to plan the best time.

Tours

Maternity tours are available. Please book your tour via our website or contact us. Bookings are essential.

The Bays Hospital

Caring for the Peninsula

VALE STREET, MORNINGTON VIC 3931

Overview

For more than 90 years we've been bringing new babies into the world. Our maternity unit is considered one of the finest in the country.

But more importantly, we want The Bays to feel like an extension of your home, and our team to feel like family.

When you choose to have your baby with us you have access to:

- a private room and complimentary overnight accommodation for partners
- birthing suites, each with a private ensuite and deep bath
- specialist obstetricians and paediatricians on-site
- on-call anaesthetists, obstetricians and paediatricians 24 hours a day
- state-of-the-art special care nursery
- operating theatres, supported by our Intensive Care Unit
- breastfeeding support and lactation consultant
- the experience and support of our team of midwives and mothercraft nurses
- pre-natal childbirth education
- post-natal parenting support
- pathology and radiology services

Our staff are committed to assisting and supporting new mothers with breastfeeding and mother-baby bonding.

We will provide all the information you need to make informed decisions about feeding your baby.

Parents who choose not to breastfeed will receive our full training and support. Infant health and a positive experience is our focus.

- Dr Carl Hoekstra – 03 9020 1000
- Dr Owen Hughes – 03 5970 5333
- Dr Cameron Smirk – 03 9885 2112

Packages and pricing

The Bays welcomes both private health-insured and self-funded patients.

We recommend that you consult with your health fund about your policy and exactly what it covers.

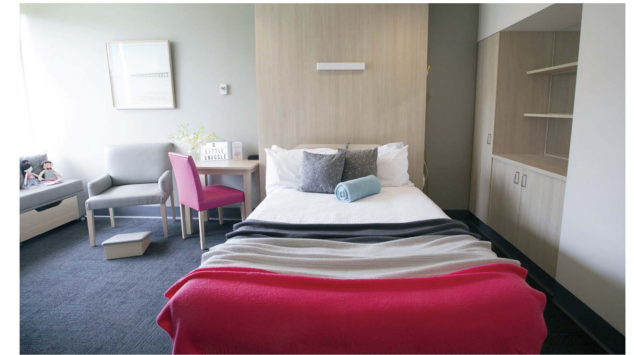

Self-funded packages are available for patients who do not have private health insurance. Please contact us for more information.

Be aware that you may incur additional costs during your stay with us such as phone calls, partner meals or take-home medication from the pharmacy.

Admissions to the special care nursery and services provided by anaesthetists, paediatricians and other specialists will incur charges that may not be fully covered by Medicare or your health fund. In this case gap payments may be required. Your doctor or health fund can give you more information.

Ambulance cover

Ambulance cover is an aspect of private health cover that may vary from fund to fund. Some funds restrict their ambulance cover if you need to be transferred elsewhere. We recommend that you join Ambulance Victoria (www.ambulance.vic.gov.au).

Having your baby with us

Accommodation

All of our maternity rooms are private with ensuite bathrooms, baby bath, television, refrigerator, telephone and access to wireless internet. Most of our maternity rooms have a double bed and partners are encouraged to stay in hospital for the opportunity to support, learn and help with your new baby.

Catering

The Bays catering team and dietitian create healthy, nutritious meals that are made fresh on-site daily. Our room service dining menu is prepared to your specifications by our on-site team of qualified chefs. We offer a variety of specialty menu options for breakfast, lunch and dinner. Please advise us of any special dietary requirements you have at the time of booking.

The maternity unit has a gourmet, self-service pantry for mothers with food, snacks and refreshments available 24/7. The hospital café located on the ground floor is open during business hours for visitors.
